One-on-One Services

Naturopathic Medicine

In your first appointment with a Naturopathic Doctor, we call this an “initial” appointment, your chief concerns are reviewed alongside a complete medical history is taken through a medical interview in the initial appointment. Following this, relevant physical examinations are performed and lab diagnostics are discussed and requisitioned as necessary.

Your health goals are reviewed and then a treatment program is created and recommended for you, including treatments from any or all of the naturopathic treatment modalities (this can depend on the provider):

- *clinical nutrition,*
- *herbal medicine,*
- *acupuncture and traditional Chinese medicine,*
- *physical medicine including joint adjustments and rehabilitation exercises,*
- *Psychological and lifestyle counseling, and*
- *homeopathic medicine*

Treatment programs can span anywhere from one to a series of follow up appointments at a frequency dependent on what you decide upon together and your health goals.

The Fine Print

- Online or advanced booking for community acupuncture chair is required. First come first serve.
- **Cancellation policy in effect** - <24hr cancellation will result in a 100% of the service fee per missed session, which is not covered under private insurance policies. Service and clinic vouchers excluding the community acupuncture service voucher, may be applied for cancellation fees.
- Month start and end days are determined by the set day of the month. For example, if the membership is purchased on the 15th of April, then it is good until the end of the work day on May 15th, and renewal fee will be drawn on the 16th of the month moving forward via automatic payment. Cancellation notice must be provided 24 hours in advance of the day of the renewal cycle to stop payment. All cancellations which occur mid-cycle will maintain the current membership to the end of that cycle in which it was canceled, and then recurring payment will not be drawn for the next cycle. No proration of fees or refunds will be provided.
- Service vouchers and insurance: if private health insurance is being claimed, a receipt for the amount of the treatment, **less** the service voucher amount that is applied, will be provided for at-home insurance claims. In cases of direct billing of insurance, Aurum Medicine & Wellness Clinic may apply service vouchers to the remaining balance of the amount not covered by insurance if claims are accepted through our direct billing services. Essentially, we won't give you a receipt for more than what you have paid the clinic, ensuring that you cannot claim back from insurance more than what you've paid.
- Aurum Medicine and Wellness Corp. reserves the right to alter, modify and change aspects to this membership plan, service offerings provided and class service schedules at any time with notice.
